Jim,

EPA agrees that additional time is reasonable in consideration of the holidays, but does not believe that a full 30 days is warranted at this time. EPA is willing to defer the dispute deadline for an additional 14 days, to January 18, 2011.

thanks  
Chip

Thanks Chip. Since this letter provides directives to the LWG it triggers the 14 day clock to invoke dispute (per the LWG's Order with EPA). Since we are in the thick of the holidays with their related travels/vacations, the LWG respectfully requests a 30 day extension to the dispute deadline. As I calculate it, this would defer the dispute deadline from January 4, 2011 to February 3, 2011. Please let us know if this is acceptable to the Agency.

Thanks, Jim.

Subject: EPA direction on draft FS for Portland Harbor

Bob and Jim,

Attached is EPA's direction regarding preparation and submittal of the draft Portland Harbor FS, and some initial feedback on the December 14 check-in meeting. As noted in the letter, we expect to provide additional comments on the four specific topics that were presented at the meeting by mid-January.

We are looking forward to moving ahead with the draft FS report. Please let us know if you have any questions regarding the direction provided with this letter.

thanks  
Chip
